## Experience-led since 2017

Quality-first coordination, practical problem-solving and close communication from arrival planning to completion.

### — OUR STORY

# Maritime service, made dependable.

Malar Group of Companies commenced operations in 2017 with a clear purpose: to make highly professional shipping services available to the trade through experienced people and responsive execution.

The team understands the realities of a vessel's port call - multiple stakeholders, changing timelines and no room for communication gaps. Continuous learning strengthens operational knowledge and helps every principal receive clearer, more consistent support.

### — WHAT GUIDES US

01

#### Accountability

Ownership of instructions, communication and follow-through.

02

#### Responsiveness

Prompt, useful updates that keep stakeholders aligned.

03

#### Professional judgement

Experience-led decisions when conditions change.

04

#### Long-term trust

A dependable extension of each client operation.

— OUR COMPANIES

# Two operating companies. One clear promise to clients.

The group structure preserves each company's identity while presenting clients with one dependable service standard and one shared capability base.

ESTABLISHED OPERATING COMPANY

## Malar Shipping Services

Responsive coordination, close communication and dependable execution across Indian ports.

- Vessel agency and port-call coordination
- Chartering and ship broking support
- Owner matter and husbandry services
- Marine survey and port captaincy

GROUP OPERATING COMPANY

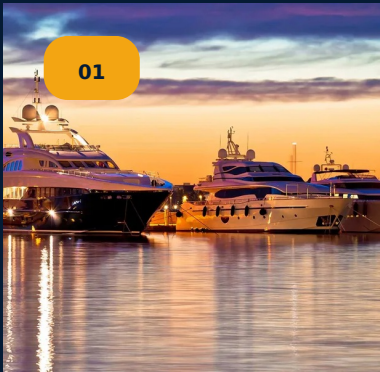

## Sakthi Shipping Agencies

The same service capabilities, operating principles and client-first maritime focus across the group.

- Vessel agency and port-call coordination
- Chartering and ship broking support
- Owner matter and husbandry services
- Marine survey and port captaincy

# Maritime support. No loose ends.

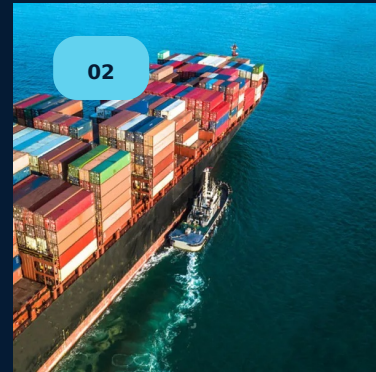

The same four focused capabilities are available through Malar Shipping Services and Sakthi Shipping Agencies.

01

## Vessel Agency

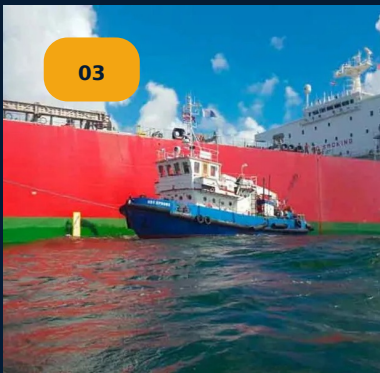

Port-call coordination, documentation and local operational support.

02

## Chartering & Ship Broking

Market coordination connecting cargo requirements with suitable tonnage.

03

## Owner Matter Services

Husbandry and owner-support coordination for vessel and crew requirements.

04

## Marine Survey & Port Captaincy

Professional marine, cargo and commodity inspection support.

SERVICES 01 + 02

## Efficient port calls, coordinated locally.

We act as an accessible operational link between the vessel, principal, port stakeholders and local service providers. The focus remains on preparedness, documentation and clear status communication throughout the call.

- Pre-arrival planning and port formalities
- Berth, authority and stakeholder coordination
- Operational updates and documentation support
- Arrival-to-sailing follow-through

## Responsive market coordination.

Commercial understanding and market reach help connect cargo requirements with suitable tonnage, supported by timely communication and careful coordination between involved parties.

- Cargo and tonnage requirement coordination
- Market communication and opportunity matching
- Negotiation and fixture-process support
- Post-fixture coordination assistance

SERVICES 03 + 04

## Practical husbandry support for vessel and crew.

Owner-related requirements are coordinated with attention to timing, local procedures and reliable delivery. Each request is handled as part of the wider port-call plan.

- Crew movement and local logistics coordination
- Vessel stores, spares and service liaison
- Travel, documentation and appointment support
- Owner-representative assistance during port stay

## Independent attention to marine and cargo interests.

Professional marine and cargo surveys, commodity inspections, P&I-related survey requirements and port-captaincy assignments are supported through qualified coordination.

- Marine and cargo survey coordination
- Commodity inspection support
- P&I survey requirements
- Port captaincy and operational oversight

— HOW WE WORK

# From first instruction to final report.

A disciplined workflow keeps stakeholders aligned and port calls under control.

**01 Understand**

Capture the vessel, port, timeline and principal's priorities.

**02 Plan**

Align local requirements, stakeholders and documentation.

**03 Coordinate**

Monitor execution with clear updates throughout the call.

**04 Close**

Complete reporting and follow-through without loose ends.

— OUR NETWORK

## Connected across India's maritime gateways.

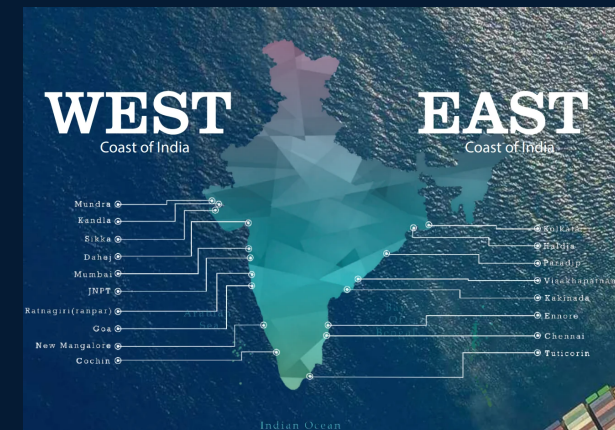

With offices in Gandhidham, Thoothukudi and Chennai, the group coordinates support across key ports on India's east and west coasts.

**HEAD OFFICE**

Gandhidham, Gujarat 370201

**BRANCHES**

Thoothukudi + Chennai
